

## Product Specifications

### Compound Information

|                         |           |                    |       |    |
|-------------------------|-----------|--------------------|-------|----|
| Product Name: 铌粉        |           |                    |       | Nb |
| EN Name: Niobium powder |           |                    |       |    |
| Product No:             | N32970    | Molecular Formula: | Nb    |    |
| CAS:                    | 7440-03-1 | Molecular Weight:  | 92.91 |    |

### Quality Control Information

|                           |             |
|---------------------------|-------------|
| Test:                     | Norm:       |
| Appearance                | Grey powder |
| Purity                    | 99.5%       |
| Particle Size             | ≥200 mesh   |
| Total Metallic Impurities | 0-5000 ppm  |
